

DIGGING UP DEATH: A KAY ENGELS MYSTERY

Filesize: 2.21 MB

Reviews

It is one of the most popular ebooks. It really is simplified but exciting in the fifty percent from the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Joy Langosh)

DIGGING UP DEATH: A KAY ENGELS MYSTERY

Walker, NY, 1998. Hardcover. Book Condition: New. Dust Jacket Condition: New. 1st Edition. The number line on the copyright page ends in 1. 190 page hardcover, the author's 2nd novel. "If a city is to grow, it is sometimes necessary to go downward first, into the layers of earth and the mounds of detritus left behind like a snake's skin from earlier periods. Usually, there's nothing much to be discovered in the holes that will become the foundation of new buildings: some stones, old wood, broken bottles. Fifty feet from Wall Street, where New York City began, some urban archaeologists have sifted through the layered years and uncovered the usual, and then they found the unusual: the burned bones of a man murdered three hundred years ago. For magazine columnist Kay Engels, the body, discovered by her friend Vera, might make an interesting story, if anything can be learned about what happened in the tavern where the murder probably was committed. For the moment, though, the site is just a news item, until another very contemporary murder takes place and the story turns deadly." New, unread copy: spine square/VERY minor bumping and wear at heel else the book is perfect with NO markings throughout. The dj has VERY minor rubbing else it's perfect, also, with no other flaws. NOT an ex-library, NOT a book club, NOT a remainder, dj NOT price-clipped (" \$22.95"). New in New dj.
