Reviews

Good e book and valuable one. Better then never, though i am quite late in start reading this one. You are going to like how the article writer publish this publication.

(Malcolm Block)

WELCOME TO THE ZONE: PEAK PERFORMANCE REDEFINED (PAPERBACK)

Outskirts Press, United States, 2013. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.The Zone is considered by players and coaches alike to be the Holy Grail of tennis performance, but it is also the game's most mysterious and elusive experience, thought to occur only by chance and never by choice. Until now, Scott Ford's *Welcome to the Zone* is a step-by-step process that shows you exactly how to play tennis in the zone, by choice, not chance. *Welcome to the Zone* redefines the ultimate tennis experience in a way that both beginners and professionals can understand. It not only explores the subject of the zone, it also gives you an elegantly simple process for shifting out of your normal performance state and into your peak performance state. It's called the Parallel Mode Process. After a brief introduction, *Welcome to the Zone* is divided into three sections: Phase I: Getting In the Zone. Phase II: Maintaining the Zone. Phase III: Competing in the Zone. Each chapter introduces you to a new Step in the Parallel Mode Process, and each of these Steps takes you deeper into the experience of the zone. At the end of each chapter specific on-court drills are outlined with easy-to-understand instructions and feedback pages designed to measure your progress. The Steps in Phase I show you how to enter the zone using a simple concentrative task that shifts you out of a Serial Mode of operation and into a Parallel Mode of operation, and when you shift into this highly efficient mode of parallel operation, you simultaneously shift into your peak performance state. It happens immediately, and you don't have to be a skilled tennis player to make the shift into a...
