WORKING THE NIGHT SHIFT: HOW TO UNDERSTAND YOUR DREAMS (PAPERBACK)

Createspace, United States, 2012. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Working The Night Shift is the first book in the series The Dream Shift . It covers the basic information and tools you need to work successfully with your dreams. Part One contains a comprehensive background to the history of dreams and how the modern world views them. There are tips on how to remember your dreams, how to keep a record of them and how to use them to answer specific questions about your life. Part Two is a step by step guide to ten of the most useful and effective dream analysis techniques. Dream symbols are very personal to the dreamer; they have a unique meaning within the context of one person's dream. This book will give you the skills to understand your own dream language and lead you to a better understanding of yourself. Dreams are the windows into the unconscious, they explore concepts and issues that are affecting your life in the here and now. They suggest resolution to...
