THE BLODGETT FIFTH READER (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Blodgett Fifth Reader The chief aim in preparing this basal reader for use in the upper grades of grammar schools has been to make a collection of standard literature which shall appeal to the interest of the pupils. Oral reading, to be most effective, should have this constant stimulus. A large proportion, therefore, of the selections included in this volume have that dramatic or narrative quality which best holds the attention of boys and girls. On the other hand, there are certain masterpieces of literary art which, while they may arouse no immediate response from young people, ought to be familiar to them. A judicious selection of such pieces will be found in the following pages. An effort has also been made to present typical extracts from the work of foreign writers, and to establish the proper perspective in regard to literature in general. History, biography, essays, travels, and scientific works, as well as poetry and fiction, have all been drawn upon for suitable material. The range of authorship here represented will inevitably broaden and educate the perception of literary values. It has been deemed wise, especially in the earlier pages of the book, to introduce occasionally lessons which offer few difficulties of any kind. These are not to be regarded as below grade, but as the natural resting places of a long ascent legitimate relaxation after effort.
