Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from *The Phoenissae of Euripides: With Brief Notes* The Phoenissae (Phoenician Women), in common with some others of the extant Greek Tragedies, was derived from ancient epics on the history of Thebes and the house of Laius, not less famous than the Troica, and equally with them attributed to Homer, and subsequently embodied in the Epic Cyclius. The Seven against Thebes and the Antigone occupy precisely the same ground, the fatal conflict between Eteocles and Polynices for the sovereignty of Thebes. To the former indeed not a few passages in the present drama evidently refer; as when the poet says (v. 751) that the names of the seven chiefs need not be given at length when the enemy are investing the city. Like the Orestes, this play (the longest extant) was very popular in the later Greek schools. Its varied action, chivalrous descriptions, and double messenger's narrative, first of the general fight between the contending armies, secondly (v. 1356), of the duel between the brothers and the suicide of Jocasta, give a sustained interest to a piece which extends to nearly twice the length of the corresponding Aeschylean drama. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
